8 Super Heroic Linux Commands

Jan 2019

8 Super Heroic Linux Commands that you aren't using yet but should be.

These 8 commands come from a youtube video (https://www.youtube.com/watch?v=Zuwa8zlfXSY&t=193s). I wanted to have access to these commands without using YouTube all the time, as it is not always convenient or possible to access YouTube.

Many thanks to Engineer Man for putting this video together.

The 8 commands we are looking at are:-

sudo !!
