USB Ports Hardware

Sep 2017

I can never remember which USB port has what name, so here is a little reminder.

USB Connectors

USB Type A by Colour

White = USB1x (12Mb/s) Black = USB2x (480Mb/s) Blue = USB2x (5Gb/s) Red/Yellow = This does not indicate USB speed, it indicates that this port will not power off in sleep mode.
